

CLOSE SIMPLE

Northwest Title Company, striving for an excellent customer experience, will keep you informed during the closing process; allowing you to focus on listing and selling.

Using our transaction tracker, CloseSimple, we will send text messages to Real Estate Brokers, Clients, Mortgage Professionals, and anyone else involved in the closing.

Northwest Title Company will also send email updates that feature our transaction tracker timeline so everyone knows what is happening throughout the closing process.

Northwest Title Company’s timeline clearly communicates the closing process, showing all parties what has happened, and what will happen next. No login required.

Ask your Northwest Title Company representative today about adding our CloseSimple feature to your latest transaction file.
